

### Sufaidullah – LDP Beneficiary

OSDI supported landless farmers from poor households living in their focused villages through including them to participate in the Livestock Development Project (LDP) on interest free loan basis. Sufaid Ullah S/O Anwer Said is amongst those beneficiaries nominated. He belongs to the community of Saeedabad located in Union Council Rustam in district Mardan (KPK). His family consists of one daughter, a brother Zubair Khan, two sisters and mother.

Figure 1: Sufaid Ullah S/O Anwer Said Livestock

Prior to becoming an LDP member, he earned very little amount from livestock rearing. After the death of his father he became the bread earner. He was a livestock farmer but earned very less through this business. As it was very tough for him to look after his family so he applied to become an LDP beneficiary because his financial position was very weak he was unable to purchase large ruminants. OSDI purchased animals for him worth 69,000/-. He took very good care of the animals given to him. He purchased and sold the animals.

He has PKR 37,100/- since his participation in this project. He is very happy and has requested OSDI to provide him loans after Eid ul Azha along with increasing the loan amount from 69,000/- to 100,000/-.

He has managed to clear his loans and has also purchased a little ox worth of PKR 20,000/-. The remaining amount of income he has given to his brother to apply for visa to go to Saudi Arabia. He is very happy now because via the income generated he has managed to improve his life.

Sufaid Ullah is very Happy and very thankful to OSDI and Mardan District
