

## Fayaz Khan – Contended Beneficiary

50 years old, Fayaz Khan is the s/o Marad Khan. A family from the community of Biroch in union council Bazar in district Mardan (KPK). He earns his living as a farmer. His average monthly income is PKR 8000.

Fayaz is the father of 8.

Due to high vulnerability and dependency level, Mr. Khan was chosen to participate in the OSDI's Livestock Development Project (LDP) during the 7<sup>th</sup> Phase. OSDI provided him 2 pregnant does at the time of intervention from which 2 kids were born.

His family's susceptible situation started to improve gradually; upon being affiliated to OSDI. Birth of kids has enabled his family for food security and asset creation. Now he is able to provide sufficient quantity of milk for his children from the goat milk available. Previously, his

children did not have much to eat due to his low income. His financials did not allow him to buy any animal on his own.

Mr. Khan states that, "Since goats are easy to keep and affordable and they keep breeding twice a year. Hence, OSDI should continue distributing goats to the poor people."
