

## Case-Study

### Seema – An Energetic Being:

12 years old Seema lives in the community of Muhammad Siddique Arain, in district Jacobabad (Sindh). Even though the village had a government school but female literacy ratio was low.

Upon intervention, in this community OSDI mobilized the villagers to focus on having their female children enrolled in school to acquire education.

Seema was lucky to have a chance to study and fulfill her dreams to read and write. This little girl presently is studying in Nursery class but is keenly motivated to attend school along with assisting her mother in the daily household chores.

In her daily routine, she helps her family with household work such as cleaning and sweeping the house then she goes to the village mosque to acquire religious education. The classes begin at 6 in the morning after which she comes to Siddique Arain

Government Primary School. This little energetic girl takes time out to help her fellow classmates and aid them in completing their homework.

Later on, she also helps her younger brothers with their studies. Her teacher, Mr. Mohammed Ibrahim appreciates her hard work.
